## Chartered Global Management Accountant(CGMA)

The CGMA designation is the premier management accounting credential.

The CGMA designation is powered by two of the world's leading accounting organizations — the American Institute of CPAs (AICPA®) and the Chartered Institute of Management Accountants (CIMA®) and is accepted across 180 countries of the world

GMA is built around CGMA curriculum which is a great blend of finance skills and business management areas, typically the focus of an MBA program

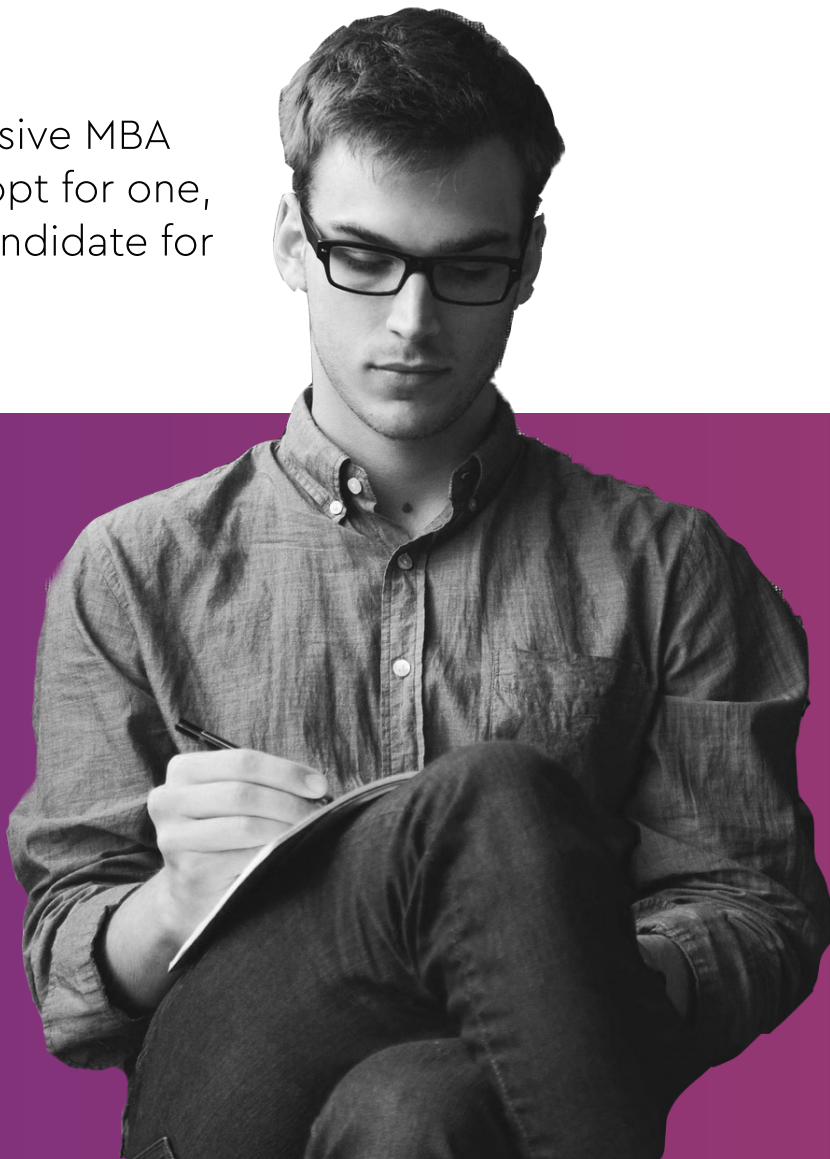

Write only three external CIMA exams because Proschool's GMA program helps you to take the advantage of CGMA FLP (Finance Leadership Program) route to CIMA Qualification

You can earn the CGMA Designation and acquire real life skills; all while still in college and be job ready when you graduate.

You may not need expensive MBA programs. But if you do opt for one, you will be a standout candidate for the top B-Schools

## If you are an Undergraduate Student

And you are looking for an alternative to Career in Accounting/Tax and are more inclined towards Finance, Management or Business, this is an ideal program. **Here is why?**

## You are a Commerce Graduate

The GMA Gateway version is designed to kickstart the finance career of fresh/early graduates and is also designed to be time efficient for them. Here is what makes it an exciting option

Write only two external CIMA exams because Proschool's GMA Gateway program helps you to take advantage of the CGMA FLP route

Build technical depth to break into a career in finance plus gain the overall business perspective

Acquire skills that are critical at middle and senior management level that will help you to progress in finance
