BCom in Accounting & Finance (BAF)

The B.Com in Accounting & Finance combines a UGC-recognised degree with an Advanced Diploma in Accounting and Business – ACCA, and six semesters of OJT internships. By the time you graduate, you have ample verified industry experience, not just a degree.

The curriculum is built around the skills employers actually hire for, like AI for Finance, Data Visualisation, Financial Modelling & Valuation, and Equity Modelling. Most B.Com programmes teach you theory, this one teaches you how to work.

6 ACCA Exemptions Out of 8

- Study from Knowledge Level
- Earn Advanced Diploma from ACCA
- Build solid foundation for Professional Level

CA & ACCA Qualified Faculty

- Taught by practising CAs, ACCAs, and CPAs, not just academics
- Consistently better global pass rates for ACCA
- ACCA Accredited Learning Partner

Work-Integrated Degree

- Get work experience, and get academic credit for it
- Graded by employer and by the University
- Focused line of study; helps you make the most of your time

Structured Placement Assistance

- Aptitude tests, resume assistance and mock interviews
- Access to 500+ hiring partners
- An alumni network of 75,000+ finance professionals

Global Qualification Advantage

ACCA, the Association of Chartered Certified Accountants is the world's largest professional accounting body, with 250,000 members and 526,000 students across 180+ countries. It is the benchmark qualification for senior finance roles in Big 4 audit firms, multinational corporations, global banks, and FinTechs. In India, demand for ACCA professionals is growing rapidly as companies align to international financial reporting standards, making it one of the most career decisive qualifications a finance graduate can hold.

The table below shows exactly how the BAF curriculum covers the ACCA framework and where your exemptions land. You cover the full Applied Knowledge band and four Applied Skills papers, giving you 6 ACCA exemptions as part of the degree, at no additional cost or exam effort.

After graduation, you appear for FM and PM exams which have already been covered in your B.Com curriculum, and earn your Advanced Diploma in Accounting and Business – ACCA.

BAF Course Advantage — Up to 6 Exemptions from 11 Papers

8 Total
ACCA Papers

6 Papers

FM	Financial Management	Taught	To Clear
PM	Performance Management	Taught	To Clear

*ACCA has announced a redesign of its qualification structure, with examinations opening from July 2027. BAF graduates entering ACCA now do so under this redesigned structure.

Medhavi Skills University

The Degree-Granting Institution

Medhavi Skills University (MSU), Sikkim, is India's first skill-based university — established under the Sikkim Act 2021, UGC-recognised under Section 2(f), and ranked 4th among India's Skills Universities by Outlook ICARE 2025. Founded by Shri Pravesh Dudani, IIT-Kharagpur alumnus and Stanford graduate, MSU operates on a Work-Integrated learning model with 650+ industry and skilling partners and recognition from NSDC and NCVET. The M.Com degree awarded by MSU is valid for employment, higher studies, and government roles — at par with any UGC-recognised university.

Programme Structure & Curriculum

The three-year programme is structured across six semesters, covering accounting foundations, taxation, audit, corporate law, financial management, and professional practice subjects — progressively building towards ACCA-level competency. On-the-Job Training runs through every semester, earning you 48 credits of verified industry experience.

Internships & Placements

On-the-Job Training (OJT) — Industry Practice Built In

What is OJT and why is it different?

OJT is not a final-year internship — it runs as a mandatory, credit-bearing component across all six semesters. Students are placed with verified finance employers in accounting firms, audit practices, corporate finance departments, and tax consultancies. Assignments are jointly assessed by the employer and the university, and results appear on the degree transcript. Every BAF graduate leaves with three years of documented professional experience — not just a degree.

Placement Assistance

BAF graduates enter the market with an undergraduate degree, 6/11 ACCA exemptions, and six semesters of verified OJT experience — a combination that opens roles typically available only to candidates with years more experience

Immediate Roles on Graduation

Role	Sector	CTC Range
Junior Accountant / Accounts Executive	Corporates, CA Firms, SMEs	₹ 3 – 5 LPA

How to Apply

About IMS Proschool

Building careers since 1977, the IMS Group is ranked among India's four most trusted education brands by the AC Nielsen and Brand Equity Survey.

IMS Proschool builds on that legacy as India's leading institution for global accounting and finance certifications, including CFA, ACCA, CFP, and US CMA. Proschool has trained 75,000+ students through 100+ practitioner-faculty — active CAs, CFAs, ACCAs, and CFPs. Graduating students have been placed across the Big 4, leading banks, and global FinTechs through a network of 500+ hiring partners.

As Industry Skilling Partner to Medhavi Skills University, Proschool now brings this same certification architecture directly into your degree, so the qualification advantage begins on Day 1, not after graduation.
